

# ClickShare Extension Pack

Pack to upgrade your ClickShare experience with the extended desktop functionality

- **Free software for all ClickShare models**
- **Contains extended desktop driver**

The ClickShare Extension Pack is a free download that contains the App launcher, which will automatically launch the ClickShare App when the Button is plugged in to your Mac or Windows computer, as well as the extended desktop driver. The extended desktop driver allows you to use the meeting room display as a second screen.

- Enables support for extended desktop on Windows 8, 10 and 11. The extended desktop feature is not available on Mac.
- Supports only 64bit versions of Windows and Mac.
- Extended desktop only works with Base Unit firmware 1.6 and higher.
